**Draw on Baltic Wrestling Card.**

Wednesday night in the Dime the-  
ater at Baltic, as scheduled, Jack  
Monty of Norwich and Connie Maxwell  
of Westerly met on the mat for a  
finish bout, both out of three  
falls. The bout started in a way  
promising plenty of excitement but  
after the first few minutes of wrest-  
ling it was easy to see that the lit-  
tle Britisher was no match for Monty.  
After sizing his man up, Monty went  
in and secured the first fall in  
7 minutes 29 seconds. After  
minutes rest they went at it again  
and in 4 minutes of fast wrestling  
Monty took the second fall.  
In the preliminary bout Bernard  
Smith of Baltic and Lightning Mul-  
doon of Ocum wrestled for 10 min-  
utes to a draw, the bout being called  
by the referee after the crowd  
came so enthusiastic they could not  
be kept in their seats.  
Monty wishes to state that he would  
like to meet any man weighing in at  
132 rinds for a finish bout, provid-  
ed a side bet can be furnished.

**PHILADELPHIANS PLEASED.**  
Quaker City Fans Think Danny Mur-  
phy Will Make a Successful Leader  
for the Athletics.

Philadelphia are much pleased  
over the appointment of Dan Murphy  
as captain of the Athletics. The  
of this pleased feeling is due to the fact  
that the outfielder is a native of the  
Quaker City. New York is pleased, too,  
because, like Harry Davis, Danny  
once a member of the New York  
Giants. Connecticut is pleased, also,  
for Murphy, unlike his predecessor,  
once played in Norwich and was the  
same terror then to Connecticut leagu-  
ers as he has been to big league  
fighters in recent years. So much for  
Danny.

Harry Davis is confident that his  
successor will make good. Murphy is  
entirely different from Davis and Con-  
nie Mack, both of whom are quiet and  
easy going. The new field leader of  
the world's champions is a strict dis-  
ciplinarian without being a bully. He  
believes in ruling. This fact is well  
known to his mates and they like him.  
He has always been popular with the  
other players and they have always  
listened to his advice, says an ex-  
change.

**ALL-STAR NINE.**  
Best Batters in United States Are  
Included.

The first authoritative all-star base-  
ball team has at last been picked. By  
examining the votes of the committee  
of impartial critics who chose Ty  
Cobb as the most valuable man in  
baseball and awarded him the auto-  
mobile a full team has been selected.  
Those always in the thick of the pres-  
sure received the highest number of votes  
have been placed on the all-star ag-  
gregation.  
The votes were cast long before the  
winter series was played, so that the  
work done in those championship  
games had no influence with the crit-  
ics. The result is a purely unbiased

**REACTION IN MARKET.**  
Depression of Prices, U. S. Steel Drep-  
ping Two Points.

New York, Nov. 8.—After more than  
a week of advancing prices, the stock  
market today fell back. The pressure  
against the speculative was persistent  
and effective. Prices were depressed  
early in the day, and the market  
seemed to be without the power to  
 rally. Toward the close the pressure  
became more pronounced. Reading and  
United States Steel fell more than two  
points, and Union Pacific and a few  
active stocks nearly as much. A few  
inactive industrials developed pro-  
moted strength, without affecting  
the general market.  
The decision of the court in regard  
to the American Tobacco plan was  
not made known until after the close  
of the market. During the day the  
deferred stock was heavy although  
the common stock advanced 10 points  
just before the close on the "cure."  
The decision showed that Wall Street's  
expectations had been largely  
filled. The recent advance of the  
market had been attributed largely to  
buying based upon expectations of fa-  
vorable court action upon the tobacco  
company's plan. Approval of this plan,  
it was believed, would furnish some  
indication as to the standards to  
which corporations might be expected  
to comply.

The action of the market today was  
regarded as natural in view of the  
recent extensive rise. The advance  
resulted in a large reduction of the  
short interests, with a resultant weak-  
ening of the technical position of the  
market. It was evident also that the  
rise had not been effective in encour-  
aging public participation in the mar-  
ket to any large degree. Bull operators  
led to a renewed sense of shortness,  
ing, and the heavy selling toward the  
end of the day apparently was largely  
in the nature of a bear drive.

The results of yesterday's balloting  
played apparently no part in today's  
market. The market was largely one  
of specialties. National Biscuit rose  
more than six points on reports of a  
probable increase in the dividend rate.  
Brooklyn Union Gas gained four and  
one-half and large advances were  
made by a number of other inactive  
issues, including Federal Mining, Phila-  
delphia company and American Can  
preferred. Delaware, Lackawanna and  
Western gained five points after a  
nouncement of the 35 per cent. extra  
stock dividend. This action, however,  
had been largely discounted, the stock  
having risen 55 points in the last few  
weeks.

The copper stocks sold off with the  
general market, although the monthly  
report of the copper producers was  
unexpectedly favorable. Forecasts of  
the report had pointed to an increase  
of stocks on hand, whereas there was  
a decrease of nearly 6,000,000 pounds.  
Production was smaller than had been  
expected and rains were reported in  
both the domestic and export trade.  
The bond market held steady in the  
early trading, but later developed a  
reactionary tendency in places. Total  
sales, par value, \$3,460,000. United  
States three advanced one-eighth on  
call.

**THORP OF CARLSLE**  
**GREAT INDIAN ATHLETE**  
No Field of Activity in Which He Is  
Not a Star.

Just at present the football annals  
of 1911 are ringing with the fame of  
Carlisle, who promises to become  
one of the greatest athletes of his  
race has ever known. He is James  
Thorp, who came to Carlisle from Ok-  
lahoma National College, and who, no  
matter what the critics say, is a  
baseball pitcher of great talent and  
also covers any of the  
backs or outfield wall. He can put the  
16-pound shot 43 feet, and broad jump  
22 feet 10 inches. He can run 100  
yards in 10 seconds, high jump six  
feet and do the high hurdles in 15-4-5  
seconds. He is a star basketball play-  
er, a good rifle shot, and an expert  
at lacrosse, tennis, handball, and  
hockey. As football halfback, he is  
probably second to none.  
Thorp, who is only 22 years old, is  
six feet tall and weighs 178 pounds.  
He gave little promise of his wonder-  
ful talents until his second year when  
in a dual meet against Syracuse uni-  
versity he won the high jump, the  
shotput, the high and low hurdles  
and took second place in the hammer  
throw.

**Harvard Law All-Stars Won.**

Cambridge, Mass., Nov. 8.—A com-  
bination team made up of half reg-  
ulars and half substitutes from the  
Harvard football squad played an all-  
star team from the Harvard law school  
today and won by a score of 15-0.  
The varsity was made up much as  
it will go against the Carlisle Indians  
on Saturday. It is believed. The play  
lasted one 25-minute period.

**Yost Holds His Lineup Back.**  
Ann Arbor, Mich., Nov. 8.—The  
Michigan football eleven again in-  
dulged in secret practice today. Coach  
Yost's players in the probable line-  
up against Cornell Saturday is still  
to be made. The two most accepta-  
ble substitutes for McMillan at quar-  
terback are both in poor shape.
